Jennifer is the Office Manager of our Huntington location and works as the Head Cashier at our auctions. Jennifer has been with our company since day one as she had been the office manager since 2005 for the company Larry F. Wells & Associates, which Scheerer McCulloch Auctioneers purchased in 2008. It is an on-going joke that Jennifer was just another fixture in the building so the new owners had no choice but to keep her. After graduating from Eastbrook High School in 2001, she obtained a Bachelor's of Science Degree Majoring in Office Administration from International Business College in 2004. Jennifer states she would have never imagined working in the real estate/auction business, but it has turned out to be a wonderful and enjoyable career. Jennifer and her husband, Tyson, enjoy spending time working on their farm, spending time with their extended families and spoiling their 2 nephews and 3 nieces.
